Crisis Service System Review

Key takeaways:

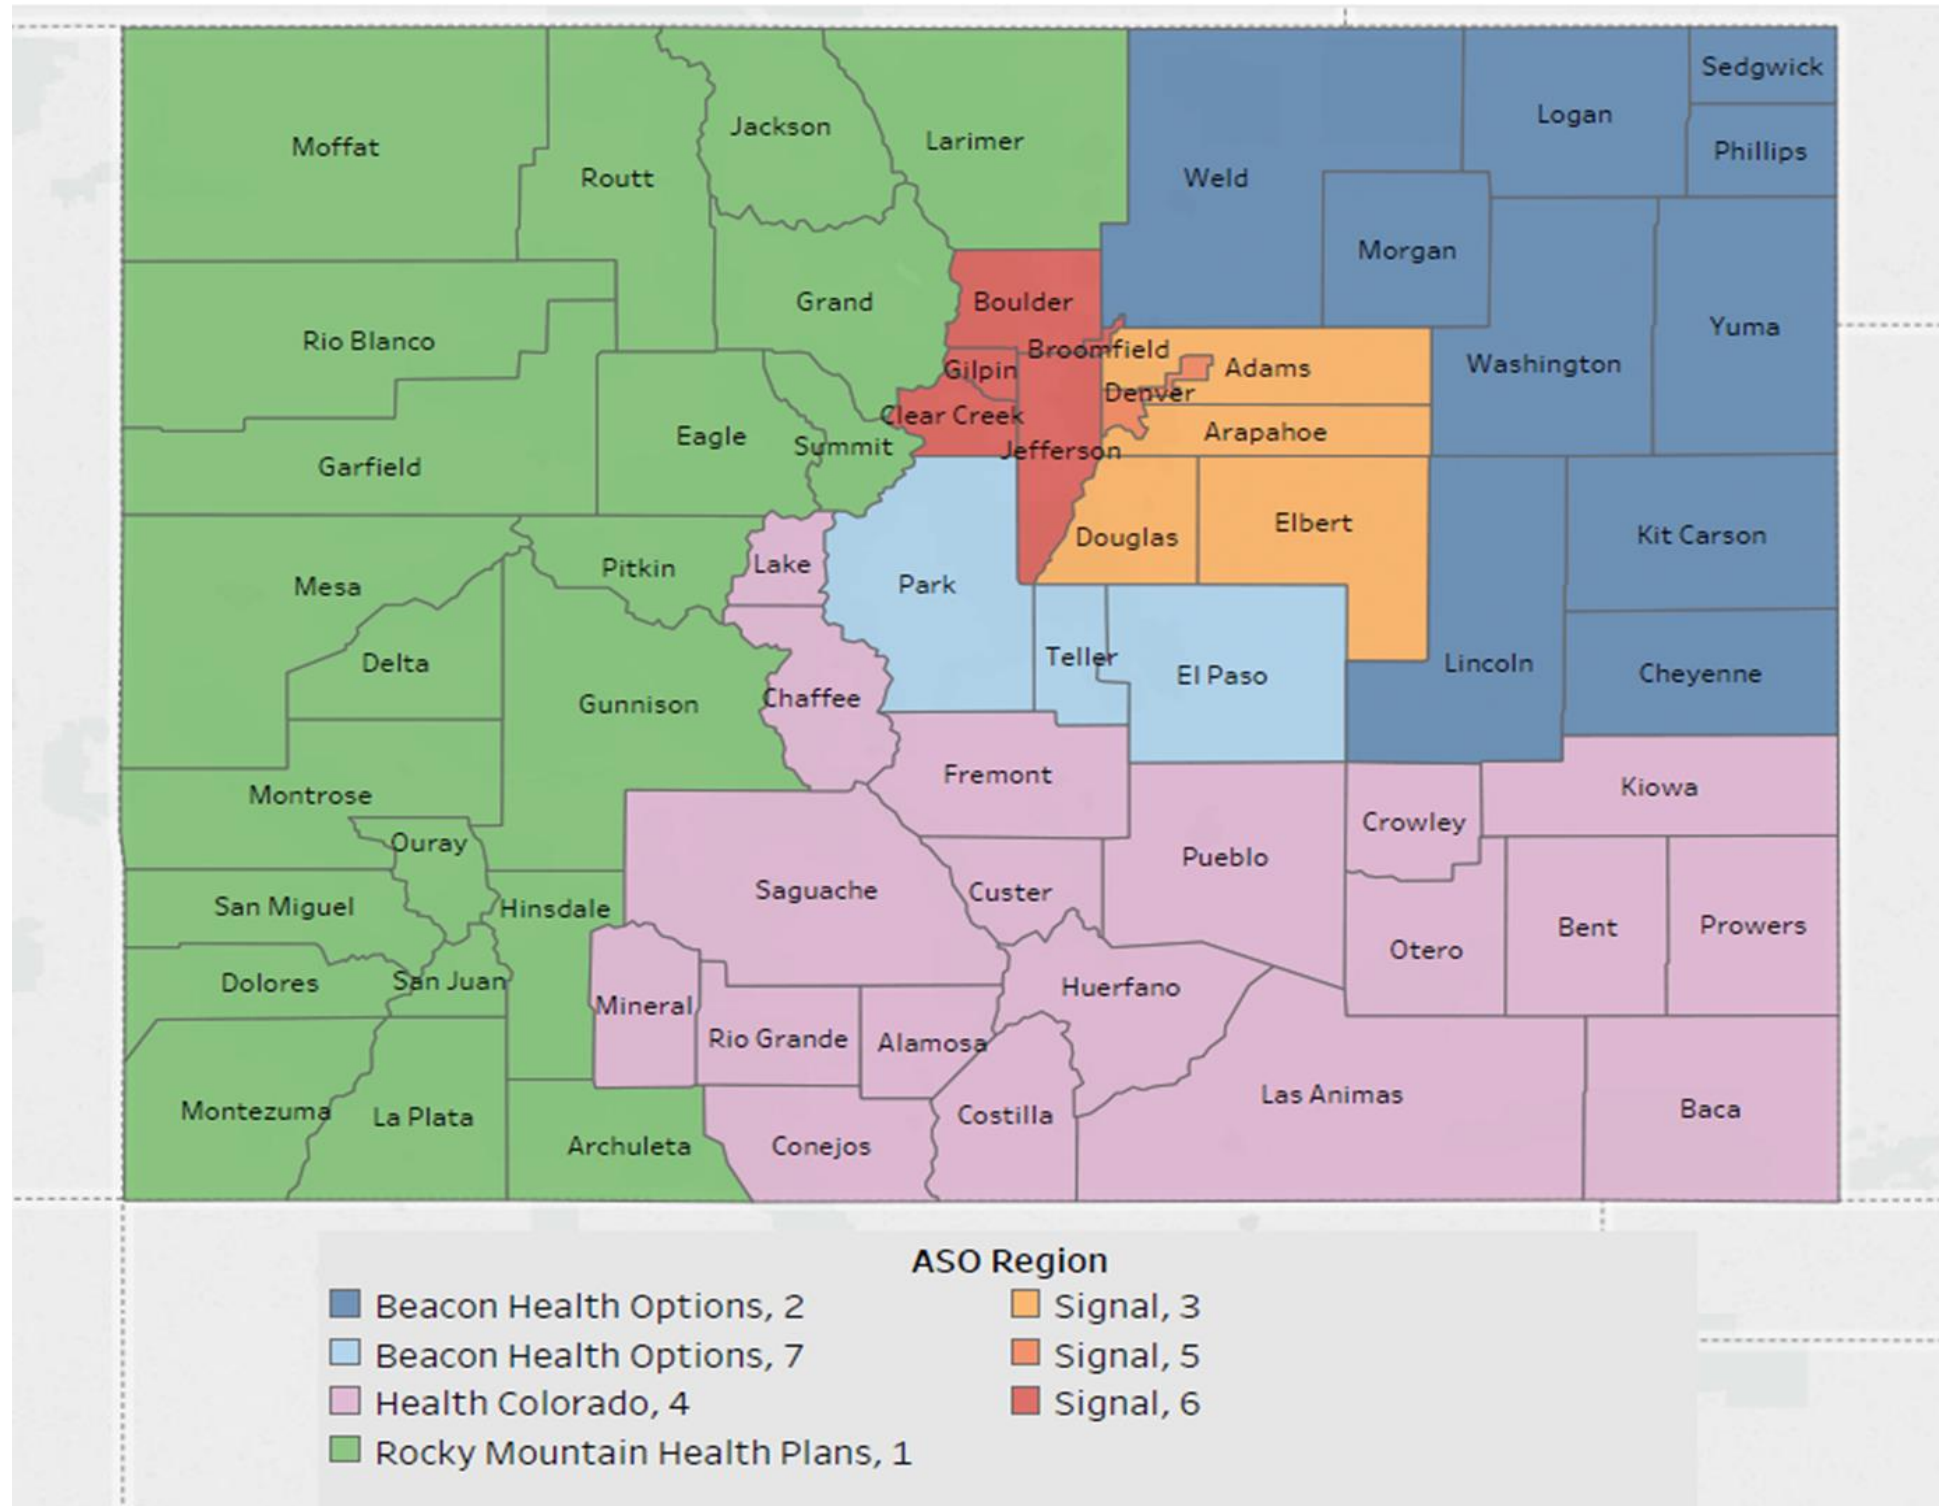

- Services can be accessed by **ALL**
- Statewide telephone crisis line - point of entry
- Walk-in crisis centers and crisis stabilization units
- Mobile crisis response
- Respite services
- ASOs Responsible for fiscal and data reporting

Crisis Service System Review

Vision for the Future:

- Greater emphasis on mobile response
- Building out telemedicine capacity in difficult to serve regions, leveraging existing resources by equipping with a tele-device to connect to a licensed practitioner
- Increased emphasis on care coordination and follow-up after Mobile and WIC visits, including quicker and more frequent follow-up, coordinating with community resources and family/trusted individuals, standardized risk assessments and safety planning

Crisis Service System Review

Crisis Service System Review

Crisis Services System:

- Current action statement- Develop recommendations regarding the implementation of the crisis services system and collaboration with RAEs.

Feedback:

- Provide an overview of the state-wide system.
- Review- Diversion strategies, metrics for analyzing outcomes, and strategies for crisis prevention
- Current issues- lack of trust, long wait times, and lack of general access information

Next Steps

1. Is there other information/data we need to gather?
2. What work products can we develop?
